

Journeyman Electricians at Flyer Electric

Flyer Electric has over 40 years of powerful solutions. Delivering the highest quality electrical projects to Saskatchewan's industrial, commercial and mining sectors! We're known for our commitment to quality, dedication to safety, and attention to every detail and continually strive for excellence and remain open to learning, growing and continuous learning. If you are a driven, self-sufficient, motivated and well-respected individual that would represent our company properly on the job, then we encourage you to apply today!

We are looking for a Journeyman Electrician to work in the Swift Current area. As a journeyman you are responsible for ensuring the proper and efficient installation of all aspects of electrical construction and maintenance projects as required. It is understood that your role may/will change as dictated by job requirements.

SHIFT/HOURS: 5 days a week; 8 hours per day, Over time paid after 40 hrs/week.

RESPONSIBILITIES:

- Comply with the Company's Corporate Environmental Health and Safety manual.
- Adhere to the Company and customer's policies and procedures as they apply to each project.
- Responsible for efficient use of materials, equipment and performance of all field related activities for each task/project.
- Maintain a professional image and a high level of service with customers during all contact.
- Ensure field work is executed in compliance with project plans including: specifications, project schedule, budget, quality, safety, and customer requirements.
- Maintain appropriate documentation including safety records, daily progress reports, rental records, shift logs etc., as required by job specifications.
- Follow and implement all necessary safe work practices and procedures.
- Maintain exceptional workmanship habits.
- Ensure the safety of all people that could be put under your supervision in an efficient manner.
- Guide and train apprentices in the proper use of tools, materials, and techniques for most efficient electrical installations.

REQUIREMENTS/QUALIFICATIONS:

- Red Seal Journeyman Certificate.
- Current Fall Arrest and EWP Certificates.
- Maintain clean driving abstract.
- Attend daily/weekly site meetings.
- Pre-access drug testing.
- Ability to lift, carry, push, and pull.
- Ability to bend, climb, squat, reach, and kneel.

WHAT WE OFFER:

- Highly competitive wages.
- Comprehensive benefits package which includes health, dental, disability, life and travel medical insurance.
- RRSP matching program that increases with the years of service with the company.
